The super-manual for Miata owners. The author has personally dismantled and reassembled a Miata, taking step-by-step pictures of all procedures. This, combined with his personal interest in the Miata and his years of writing and editing Haynes manuals, makes him uniquely qualified to write the best Miata 1.8-liter shop manual available to date. Coverage includes maintenance, repairs, modifications and improvements to all 1.8-liter Miatas from 1994-1997 (the second-generation Miata launched for 1999 is not covered).
