Modern Financial Macroeconomics: Panics, Crashes, and Crises Todd A. Knoop

Modern Financial Macroeconomics takes a non-technical approach in examining the role that financial markets and institutions play in shaping outcomes in the modern macro economy.

- Reviews historical and contemporary macroeconomic theory
- Examines governmental influence on moderating (or exacerbating) economic fluctuations
- Discusses both empirical and theoretical links between financial systems and economic performance, as well as case studies detailing the role of finance in specific business cycle episodes
