Stop foreclosure with a question. The Magic Question that will debunk any foreclosure is this: Ask this questions in court. "Should the one who funded the loan be the one who is repaid the money debt?" It the answer is Yes or No, the bank must zero our the false debt on their fraudulently created none-existent loan. There was no lawful loan made by the bank to the so-called borrower. All bankers, politicians, and judges know this truth, and they fear the wrath of the public should their dirty secret ever become known my a critical mass of the people that they have for decades been defrauding. The so-called borrower. Bankers will not answer this question in any courtroom in the world because they know that the borrower is the one who actually funded the loan. They also know that the evidence of this fact can easily be found in the bookkeeping loan entries of the bank. According to GAAP (Generally Accepted Accounting Principles).
