Dark River Secrets: Based on a True Story Don Britt

My story of Evil Powers of this World and Beyond from early disappointment physical haunting relentless terror abuse and horror that's not fathomable to the average person . Being placed in situations that can only be described as chilling nightmares that were real . The world of the supernatural was placed on my head at a time most little kids are learning to play . It starts with ominous cellar horrors and black magic and graduates into the world of violence in a way no human should have to deal with . It's a battle to overcome the pain and misery that's associated with evil and death . It's a journey detailing whether or not the little boy became a decent man that made it out of the cesspool or did satanic evil prevail. The work is based on a true story many names were changed but it's a real place with real horrors . It's not easy to accept because many things that are unexplainable are best left unexamined but evil is real and this is my first hand account of it and attempt to be delivered from it It's not for the faint of heart but neither is evil BE WARNED .
