It's not just visitors who have come in droves to experience Kaua'i's scenic beauty, natural wonders, and sense of mystery. Hollywood knew Kaua'i's secrets long before the Garden Isle became a destination for travelers from around the globe. The New Kaua'i Movie Book includes films made since the book's original release in 1996 such as *The Descendants*, a film acclaimed as the most authentic movie about Hawai'i ever made; *Pirates of the Caribbean-On Stranger Tides*; *Soul Surfer*, the story of Kaua'i shark attack survivor Bethany Hamilton; and Ben Stiller's *Tropic Thunder*. It documents Hollywood's almost century-long love affair with Kaua'i integrating rare movie stills of casts, crews, and sets, along with the breathtaking color imagery of locations by renowned island landscape photographer David Boynton.
