Loom Bands Combo - Six Loom Band Finger Patterns!

Loom Bands Combo brings together the finger patterns from our other books, "Loom Bands 101" and "Loom Bands 102" into one handy book of six patterns. In 160 colour photos and accompanying text, we show you how to make the "fishtail", "inverted fishtail", "dragonscale", "french braid", "single chain" and "daisy chain" on your fingers... no loom needed!

Even if you've never picked up a loom band before in your life, you can be making wonderful custom jewellery in minutes from any of the six different patterns, using just the loom bands, your fingers, and this book!

When the loom band pattern you decide to create reaches the desired length, you can either connect the ends to form a ring or bracelet depending on the length, or connect multiple lengths side-to-side to form a shape.

Loom Band knitting is a hot craft for children and adults at the moment. Everyone enjoys being able to make their own jewelry and accessories such as rings, anklets, bracelets, chokers, wrist-bands, ear-rings, head-bands, belts, key-chains, charms and other patterns from brightly colored rubber bands. Some people even go crazy and make phone cases and clothing such as the person who put a loom-band dress made from 24,000 loom bands on eBay where bidding reached six-figures!

It's not always possible to have access to an actual loom and even if you do have some looms, there are often more children than looms such as at parties and sleep-overs. Also, when you buy a bag of loom bands it comes with a hook and clips but not a loom, so a popular alternative is to use your fingers as a loom-substitute and make your own creations by hand on your fingers!

You can use whatever colours you like to make designs from mono-chrome to rainbow! Anyone will be able to follow our simple, step-by-step tutorial guides with many photos and start making their own loom band creations within minutes... without a loom!

This easy-to-follow instruction book features 160 colour pictures and text explanations to get you making the six different finger patterns and creating your own loom band jewelry within minutes!

Note: we do not include designs or patterns that use a loom in this book.
