Oracle Identity Management: Governance, Risk and Compliance, 2nd Edition: Implementing Multinational Regulatory Compliance Marlin Pohlman

In this comprehensive work, Dr. Pohlman leverages his experience as both a corporate board member and corporate governance solution implementer to provide a mechanism for promoting corporate accountability and stewardship of personally identifiable information within daily business operations. This guidebook enables both the implementer and the corporate board member to select, configure, and audit the flow of user information throughout the business, aligning the information flow with local laws and regulations. Prior to this effort, Dr. Pohlman co-authored the *Oracle Unified Method*, an iterative and incremental development process framework developed by Oracle. Extending the work a step further, he aligns the deployment of identity management systems with multinational legal mandates and IT governance frameworks to create a roadmap for achieving successful implementation in the area of Identity Management and Governance, Risk & Compliance.
