This powerful book lays out an inspiring new vision for the teaching of English, building on themes central to Wilhelm's influential "You Gotta BE The Book". With this new work, Wilhelm and Novak challenge business as usual in the language arts. They call for nothing short of a revolution in our understanding of the aims and methods of the English classroom, showing what English can do for democratic life, inside and outside of classrooms. With moving portraits of teachers and students, as well as practical strategies and advice, they provide a roadmap to educational transformation far beyond the field of English that will be of interest to a wide audience of teachers, teacher educators, curriculum developers, and educational leaders.
