**The Languages of the Andes (Cambridge Language Surveys)** Willem F. H. Adelaar

The Andean and Pacific regions of South America are home to a remarkable variety of languages and language families, with a range of typological differences. Documenting the indigenous languages of this region, as well as of adjacent areas, Willem Adelaar and Pieter Muysken provide historical as well as contemporary information about the languages of the Andes. Illustrated with detailed grammatical sketches, their book will be a valuable resource for students and scholars of linguistics and anthropology.
