The book is unique in that it is written by a leading Muslim financial expert who draws on Islamic teachings while showing how these Islamic values are consistent with Jewish and Christian values. Though the primary audience may be American Muslims, anyone interested in financial security will find this practical guide helpful in making wise financial decisions.

Dr. Mirza presents a powerful and provocative case for arranging one's life — and the material pursuits — in ways that not only benefit the reader but also society at large. The author closes with a discussion on wealth building strategies and wealth preservation. Additionally, he has provided a section of resources and an extensive bibliography for further reading. The book is rich in investment strategies and advice and though the topic is often complex Dr. Mirza's writings are clear and accessible to a general audience.
