Marriage is a Private Affair Judith Kelly

Theo Scofield and Tom West were married under the happiest possible auspices. The wedding was everything a wedding should be. They were desperately in love; Tom was established in his profession; Theo had talents of her own to keep her young and alive and interesting. They were both highly civilized Americans, having intelligence and education, and money enough to live comfortably. This is the story of the first four years which followed their marriage. It is the story of life itself encroaching upon an admirable, but not too practical blue-print. It is the story of a young wife who, in an effort to save her marriage from the shipwreck her parents and friends had made of theirs, experimented dangerously with the inflammable stuff of human emotions.
