The Semantic Structure of Spanish: Meaning and grammatical form (Current Issues in Linguistic Theory) Larry D. King

In recent years, linguistics has become increasingly more willing to allow some type of representation of 'meaning' in the study of language. However, most approaches deal with sentence or utterance meaning and thereby ignore the meaning of linguistic form. Yet no description of linguistic semantics can be complete without a comprehensive account between meaning and form. This study returns to the problem of form and meaning by presenting a detailed account of certain forms in Spanish which have traditionally been called grammatical forms, or grammatical categories, and associated with grammatical meaning. It is suggested that not all linguistic forms represent the same kind of 'meaning', and that a subset of grammatical forms constitute a highly organized system that parallels phonology and syntax in its capacity to explain variation at the level of discourse. The book opens with an introductory chapter, which is followed by five chapters on the analysis of the Spanish verbal system. In Chapter 7 problems of the noun phrase (the meaning of determiners and grammatical number) are discussed. Chapter 8 offers an explanation of the meaning of the direct object a, and in Chapter 9 a crosslinguistic study of the semantics of Spanish and English is presented. A summary of findings is given in Chapter 10, along with a further consideration of the goals and procedures of semantic analysis.

If you did not get much space to bring the actual printed book, you can buy often the e-book. It is make you easier to read it. You can save typically the book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

Marilynn Johnson:

As a college student exactly feel bored to help reading. If their teacher expected them to go to the library or make summary for some e-book, they are complained. Just small students that has reading's heart and soul or real their hobby. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading significantly. Any students feel that studying is not important, boring in addition to can't see colorful images on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this The Semantic Structure of Spanish: Meaning and grammatical form (Current Issues in Linguistic Theory) can make you sense more interested to read.
