*The Worship Workshop*, rather than providing simply another manual for doing worship, offers instead an interactive workshop that helps worship teams develop more meaningful and memorable worship for the congregation. By combining liturgical history and the creative process, *The Worship Workshop* encourages worship teams and staff to break out of the traditional worship box in order to create diverse ways to present the Good News in worship.

Through a variety of activities, ideas, and informational handouts, *The Worship Workshop* helps worship committees, planners, and designers evaluate the state of their current worship, get more people involved in the planning and designing process, explore the diverse designs of congregational worship, learn the history of worship, and utilize the arts and artists in worship.
