Women, Policy and Politics: The Construction of Policy Problems

Carol Lee Bacchi

Women, Policy and Politics: The Construction of Policy Problems Carol Lee Bacchi

This book offers a powerful new approach to policy studies. Drawing on recent perspectives from social constructionism, discourse analysis, the sociology of social problems and feminism, Carol Bacchi develops a step-by-step analytical tool for deconstructing policy problems. Her 'What's the Problem?' approach encourages students to reflect critically upon the ways in which policy problems get constructed within policy debates and policy proposals.
