Bloom's Literary Themes Set, 16-Volumes Series Editor Harold Bloom

Certain great literary themes reappear continually throughout the world's literature and are a major component of today's literature curriculum standards. The new Bloom's Literary Themes series examines how these themes function in classic literary works, from the Bible to the novels of Toni Morrison. Some of the approximately 20 essays in each title were written specifically for the series; others are excerpts of important critical analyses published in books or journals.
