Tall Grows the Grass

Tall Grows the Grass James F Frayne

Johnny Duggan was born around the outbreak of World War II. Johnny's story follows his trials and tribulations, his loves and assignations, and his challenges and conflicts, as he moves through the long grass of life from one job to another, through one country to another. He is forced to change his outlook to life many times through his experiences in Africa, Europe, and the USA, as well as the variety of people with whom he comes into contact. In many places, the story is very confrontational and hard hitting, and takes no prisoners. It is not a story for the daunted, nor those who are not prepared to accept the stark, bare, exposed realities of life.
