Victorian Steampunk / Paranormal Romance

**Dark Matters series so far:** #1 A Matter of Circumstance and Celludrones

#2 A Matter of Propriety and Parasites

Lily has embraced her destiny and shredded her reputation. She's done with straddling two worlds and losing in both. With so much at stake, her standing in society is the least of her problems. Or so she thought.

Demons walk among us...

Demons are infiltrating the London Court and cozying up to the Queen. Too late, Lily learns the price of throwing propriety to the wind. She must return to the influential circles of London and the stiff cuff of society. But with the pious Queen Victoria on the throne, that won't be possible until she salvages her reputation and the only way to do that is to marry.

Will she choose the dashing Scottish rogue, Greyston Adair, or the arrogant and powerful Kelan McAllister? Will the choice even be hers to make?

A marriage of convenience.

A practical arrangement. A temporary rearrangement of her personal situation.

Does her choice even matter?
