BOOK 1: Psychic Development: A Beginner's Guide To Unlocking Your Psychic Abilities And Developing Your Intuition In 3 Easy Steps

In this book, you are going to learn how you can develop your psychic abilities. This book is not only for those who have natural abilities but those who want to develop abilities that they do not naturally possess. If you currently possess one specific ability but want to develop another one this book is for you as well.

BOOK 2: How to Read Minds: Learn How To Read Minds And Influence People Using Mind Reading Tricks, Cold Reading Techniques And Nonverbal Body Cues!

Do you wish that you knew what the people around you are thinking? Whether you want to get ahead in the business world, be better at picking up potential dates in a bar, or simply want to understand everyone more in depth than you do now, then this is the book for you!

Mind reading doesn't require any special tricks – just the ability to pick up certain details and cues. Once you're able to see those things, it isn't hard to determine what they mean, and use those meanings to your advantage.

This book will talk you through those steps, starting with which details to look for, starting with physical appearance. Next, the fine “art” of using scientific studies to infer things is covered, since there are a finite amount of favorite things in the world. This, combined with pop culture can help you fine tune your cold reading techniques.
