Sick Justice: Inside the American Gulag

Ivan G Goldman

Sick Justice: Inside the American Gulag Ivan G Goldman

In America, 2.3 million people—a population about the size of Houston's, the country's fourth-largest city—live behind bars. *Sick Justice* explores the economic, social, and political forces that hijacked the criminal justice system to create this bizarre situation. Presenting frightening true stories of (sometimes wrongfully) incarcerated individuals, Ivan G. Goldman exposes the inept bureaucracies of America's prisons and shows the real reasons that disproportionate numbers of minorities, the poor, and the mentally ill end up there. Goldman dissects the widespread phenomenon of jailing for profit, the outsized power of prison guards' unions, California's exceptionally rigid three-strikes law, the ineffective and never-ending war on drugs, the closing of mental health institutions across the country, and other blunders and avaricious practices that have brought us to this point. *Sick Justice* tells a big, gripping story that's long overdue. By illuminating the system's brutality and greed and the prisoners' gratuitous suffering, the book aims to be a catalyst for reform, complementing the work of the Innocence Project and mirroring the effects of Michael Harrington's *The Other America: Poverty in the United States* (1962), which became the driving force behind the war on poverty.
