The Battle of Britain (General Aviation)

Kate Moore, The Imperial War Museum

The Battle of Britain (General Aviation) Kate Moore, The Imperial War Museum

The Battle of Britain offers an in-depth assessment of the situation leading up to the summer of 1940, the strategies employed by the adversaries and the brutal aerial battle itself. In 1940 Britain was an island under siege. The march of the Nazi war machine had been unrelenting: France and Belgium had quickly fallen and now the British Empire and the Commonwealth stood alone to counter the grave threat. However, their fate would not be decided by armies of millions but by a small band of fighter pilots. It was on their shoulders that Britain's best chance of survival rested. Above the villages and cities, playing fields and market towns, the skies of southern England were the scene of countless dogfights as the fledgling Fighter Command duelled daily against the might of the Luftwaffe.

Lavishly illustrated with photographs, contemporary art and posters, and accompanied by numerous first-hand accounts, this is a volume that captures the reality of a defining chapter in British history.

Anna Sanders:

As a student exactly feel bored for you to reading. If their teacher requested them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's spirit or real their interest. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that examining is not important, boring and also can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this The Battle of Britain (General Aviation) can make you feel more interested to read.
