**Warning: Werewolves aren't real, so don't go looking for a group of them to fuck you after reading this story, no matter how enticing it sounds!**

Tired of not being treated like the 19 year old that she is, Ginny runs away from home and finds herself at the edge of the forest that rumors say are inhabited by **hot alpha werewolves**.

But those are just bedtime stories told to frighten little children, and she's not a child anymore, despite what her parents think!

It doesn't take her long to get lost, though, and soon she stumbles upon a small pack of four of the half men. She needs to find her way home, and they need something to relax them after a long hunt.

Can they all find a way to get what they want? Ginny is **untouched** when she starts her journey, but ends it with no hole unfilled!
